 - 1. Maximum building coverage: Twenty percent (20%).
 - 2. Maximum lot coverage: Thirty percent (30%).
- G. Lot impervious coverages:
 - 1. Maximum building coverage: Twenty-five percent (25%)
 - 2. Lot or tract coverage: Thirty-five percent (35%)
- H. Maximum building height: Forty-five (45) feet.

SECTION 240-1303-2. DESIGN STANDARDS

The following design standards as applicable for permitted uses in this district shall include:

- A. Supplemental use standards, per Article XIX.
- B. General standards, including Outdoor Storage, Screening, Outdoor Lighting, Off-Street Parking, and Vehicular Access and Traffic Control, per Article XX.
- C. Sign Standards, per Article XXI.
- D. Natural Resources Standards, per Article XVIII.

- E. Historic Resources Standards, per Article XVI.
- F. In addition, new development proposed within this district, as well as the rehabilitation, alteration, or modification of existing structures or uses, shall comply with the following design standards:
 - 1. New development and adaptive reuse to preserve historic resources shall be designed to complement the historic character of the village in regard to building placement, style, bulk, construction materials, and site design.
 - 2. The removal of mature trees and site vegetation shall be minimized per Article XVIII.
 - 3. Every effort should be made to locate new structures with regard to existing site features, the cultural landscape, and development patterns, and in such a manner as to minimize changes to the existing contours and original topography of the site.
 - 4. Nonresidential outdoor storage of materials and equipment shall be in the rear or side yard and must be screened when adjacent to residential uses or districts per Article XX.
 - 5. Mechanical systems, trash receptacles, and dumpsters shall be located in rear or side yards and shall be screened from view per Article XX.
 - 6. Outdoor display of merchandise for sale shall be permitted as per Article XX.
